3635 Afton Road, San Diego, CA 92123 USA

Highlights

- The DVD Dewrapper is designed to remove the shrink wrap film from DVD containers at high production rates.
- The DVD Dewrapper can remove shrink wrap film from Snap, Alpha, and Double Alpha cases without any system changes.
- Variable Speed system permits “tuning” of dewrapper to best DVD processing speed.
- Production rates are 80 to 120 parts per minute at 95% or better efficiency without scuffs, scratches, tears or cuts on the cases when loaded correctly.
- Easy access for maintenance.
- Built-in remote E-stop locations
- Most adjustments made without tools.
- Set gages are provided for fast, accurate setups.
- Modular construction with plug-in connectors.
